

REPORTS OF BREMEN'S CAPTURE OFFICIALLY DENIED

TREVINO STILL
STICKS TO HIS
CHIHUAHUA JOB

Renews Defiance of Carranza Who Sought to Remove Him and Calls Supporters Into Conference.

PLANS TO ORGANIZE
INDEPENDENT REPUBLIC

War Minister Obregon Issues Reports to Show Conditions in Mexico Are Becoming Settled.

International News Service:

EL PASO, Texas, July 28.—Gen. Jacinto Trevino has again declined to yield the command at Chihuahua City of the army of the north to First Chief Carranza. Instead he has called a conference of officers loyal to him, and friends of the general assert that he is planning a revolution having for its aim the control and consolidation of Chihuahua, Durango, Nuevo Leon, Coahuila and Tamaulipas, as an independent republic.

Recently the Mexican government notified Washington officially that Gen. Trevino has been removed and that Gen. Luis Herrera was about to succeed him. Gen. Trevino replied to this by telegraphing to the border that he did not intend to leave Chihuahua City. Carranza thereupon notified Washington that it was considered advisable to keep Trevino at Chihuahua for the present.

Generals Stand by Him.

On top of this news came the report from the interior that Carranza commanders have held a conference with Trevino and planned to stand by him rather than the de facto government. This conference, it is said, explains the departure of Gen. Francisco Gonzales from Juarez and the absence of Gen. P. Elias Calles from Sonora.

The new legalist party, despite its internal difficulties, is said to be directing the turn of events in not new in Mexico. For two years Col. Cantu in Lower California has been running things blithely without the aid of Carranza. Calles made a similar effort and a quite successful one.

Once Carranza sent a "successor" to relieve Col. Cantu. The new-comer marched proudly in Carranza and explained that he might turn over the government of Lower California. Cantu sent the man back to Mexico City. Since then the colonel has been undisturbed.

How Calles Received Him.

The man who was sent to relieve Calles wisely awaited on the American side of the border to see how Calles felt about it. He soon learned, as Calles called on him in Douglas, Ariz., and the following conversation ensued:

"You are enjoying good health now, are you not?" asked Calles. "Si, señor," replied the new man. "Then you had better hurry back to Mexico City," advised Calles. His advice was taken.

Along the border the main military interest of the day was centered on the neighborhood of Terlingua and Ojinaga, where it has been reported that a band of 200 Mexican bandits are awaiting a chance to strike at the American side.

Col. Joseph A. Gaston, in command of this district, is awaiting the Mexican move with a detachment of the sixth cavalry and the tenth and 15th Pennsylvania infantry.

OBREGON ISSUES REPORTS.

MEXICO CITY, July 28.—Minister of War Obregon today issued official reports from government commanders to show that conditions in northern Mexico are fast becoming settled owing to the efforts of the constitutional forces.

The Villistas have been badly weakened by the steady pressure of the government troops. The military governor of Zacatecas reported today that two more bandit leaders, Tobias Ferreras and Dionisio Garcia had surrendered with 400 men.

"This means," said Gen. Obregon, "that the state of Zacatecas has been entirely cleared of the bandits and mining operations can be resumed. Their gangs have long terrorized the state. They were adherents of Villa."

Gen. Obregon stated that direct communication between Mexico City and Torreón is now possible. Food

BRITISH OCCUPY
DELVILLE WOODS

Announce Capture of Entire Ground After Terrific Assaults of Artillery.

International News Service:

LONDON, July 28.—After a night of violent fighting the British forces north of the Somme now occupy the whole of Delville wood.

The British war office in an official report issued early this afternoon announced the complete occupation of the wood.

The greater part of Delville wood had been taken by the British on Thursday after it had been raked for hours by guns of every calibre.

However, the Germans managed to retain a small corner of it. Fresh assaults were undertaken by the British and the Germans were soon driven from their defensive works among the blasted trees after fierce hand-to-hand fighting.

Strong counter-attacks were delivered by the Germans in an effort to retake the wood, but all of these were repulsed.

Delville wood lies east of Longueval and north of Waterlot farm, about which there has been violent fighting for many days. It is on the highway between Longueval and Flours.

Win More Ground.

Renewed assaults in the region of Pozieres also won the British more ground and a gain was made near Longueval, the official report stated.

Further north on the battle front the Germans attempted a counter-offensive and succeeded in entering British trenches near Neuve Chapelle, but were afterwards thrown out by counter-attacks.

The gains for the British at Delville wood, Longueval and Pozieres enabled them to straighten their line and leaves them a firmer grip on the high ground for which they have been contending so stubbornly.

KILLS CHILDREN AND SELF WHEN HUSBAND FAILS TO COME HOME

ST. LOUIS, Mo., July 28.—Disappointed because her husband failed to come home last night, Mrs. William Ritchie killed her two children, aged 8 and 3, and then committed suicide early today.

The bodies were found this forenoon by the husband, who had come home late and slept on the rear porch of their home.

PROHIBIT IMPORTATION.

LONDON, July 28.—The importation of opium and cocaine into the United Kingdom was prohibited by a royal proclamation issued today.

The growth of "cocaine sniffing" has become alarmingly prevalent, especially among women, since the war started.

PROGRESSIVE LEAGUE
MEMBERS TO ATTEND
HUGHES' NOTIFICATION

INDIANAPOLIS, July 28.—Twenty members of the Progressive League of Indiana will attend the notification of Charles Evans Hughes in New York Monday evening. The delegation will carry word to Hughes that more progressives will be enrolled in the league than will vote the progressive state ticket, which the league opposed.

Many republican organizations are making strenuous efforts to get Hughes to speak in Indiana the last week in August.

MASONIC HOME GETS \$200,000 ENDOWMENT

MILWAUKEE, Wis., July 28.—The Masonic home at Dousman, Wis., today has a new \$200,000 endowment fund. Announcement has just been made that the large sum has been donated by Willard A. Van Brunt of Horicon, Wis., a 3rd degree Mason. He made the contribution to the grand lodge of Wisconsin.

REVENUE GRAFT SCHEME CHARGED

Chicago Saloon Keepers Say They've Been "Shaken Down" by Collectors.

CHICAGO, July 28.—Following the arrest of John J. Shapiro, a deputy collector in the internal revenue office here, it was declared today that a grand jury investigation is certain to follow charges that deputy collectors have been using their official positions to "shake down" saloonkeepers in Chicago.

Internal Revenue Commissioner Osborn at Washington has instructed Julius F. Smietanka, the collector here, to lay before U. S. Dist. Atty. Clynne any evidence he obtains in a further investigation which was begun after Peter A. Dewitt, auditing inspector of the service, had gone over the affairs of the local office. The result was a visit to Chicago by Commissioner Osborn.

According to the stories of saloonkeepers, deputy collectors have extorted money from them by pretending to find liquor bottles which have been refilled. The government usually settles these cases out of court for \$50 each, and it is charged that some of the deputies have settled these cases and kept the money.

Shapiro was arrested on a warrant sworn out by Dan J. Chapin, chief of the local revenue agents. The investigation is expected to result in more arrests shortly.

CAPTIVE BRITISH
CAPTAIN KILLED

Commander of "Brussels" Is Convicted of Trying to Ram German Sub.

BERLIN, (via Sayville wireless) July 28.—Capt. Charles Fryatt, of the British steamship Brussels, which was captured by the Germans, has been executed, following the passage of a death sentence upon him by a naval field court sitting at Zeebrugge. The charge against him was that he tried to ram the German submarine U-32 on March 25, 1915, in the North sea.

The following official version of the proceedings were given out today by the admiralty to the Overseas News agency.

"At Zeebrugge on July 27 there was a session of a field court of the navy corps to try Capt. Charles Fryatt of the English steamer Brussels which had been brought in as a prize. Fryatt was sentenced to death, although not belonging to the armed forces, because on March 28, 1915, near Maase freshet he tried to ram the German submarine U-32. Fryatt, the first officer and the first engineer received from the British admiralty gold watches for their brave conduct and were mentioned in the house of commons.

"The U-32 had signalled the British steamer to show her flag and stop, but Capt. Fryatt refused to heed the signal and turned at high speed toward the submarine which escaped only by submerging immediately for some metres. Fryatt admitted that he had followed instructions from the admiralty. The sentence was confirmed and Fryatt was shot for a 'franc tireur' crime against armed sea German forces."

FIRE LOSS \$50,000.

PENN YAN, N. Y., July 28.—The building of the Salmonport Vinegar Co. was destroyed by fire shortly after midnight today. The loss is \$50,000.

ENTIRE PLAN
OF DEFENSE IS
ON THE RACK

Naval Bill in Conference With Mooted Question of Cruisers and Dreadnaughts Promising Scrap.

ARMY MEASURE ALSO
WILL BE "DOCTORED"

Task of Reconciling Differences in Preparedness Plan is Conceded to be a Real Job.

International News Service:

WASHINGTON, July 28.—The entire program of national defense became a subject of mediation today. The navy bill was in conference with the mooted question of battle cruisers and dreadnaughts promising serious trouble with many days of argument before a decision can be reached.

The army bill, with its appropriations of \$313,970,447.10 also is to go to conference, probably tomorrow. And it is conceded in official circles that the task of reconciling the differences all along the line to secure action by congress will be a serious one. Already the president has been warned by the house leaders that they resent his espousal of the senate navy plans and he will have to wave the big stick in most strenuous fashion if he is to get the program made effective on which he desires to appeal to the country in the coming campaign.

Senate Rewrite Measure.

The defense budget, as it now stands, including the fortifications a law, totals \$25,745,050 already appropriated, \$585,343,017.27. The navy total is \$313,970,447.10, but while the senate raises the amount only some forty millions in the aggregate, it practically rewrites the entire measure and this is the chief cause of complaint among the house members. They are claiming that the senate has been "duped" by the navy into planning a program that benefits the "naval clique" rather than the general service.

The first meeting of the conference on the naval bill was held today. It was preliminary in character and it was not believed that any real serious effort to reconcile these differences would be attempted until after the general outlook had been thoroughly canvassed. It was made very plain by Sen. Tillman that the senate conferees are prepared to stick out to the very last for battle ships as well as battle cruisers.

Wilson is Confident.

Pres. Wilson was said to be very confident that the house will accept the essentials of the senate program. He will throw the entire influence of the administration behind the senate committee and it is understood that he has been told that if the latter will retire from the three-year plan and confine their legislation to this year's authorization that they will find the house conferees inclined to make reasonable concessions.

FOUR NEGRO SLAYERS
SURROUNDED IN HOUSE,
TWO ARE CAPTURED

LAUREL, Del., July 28.—Four negroes who killed four men of their own race at Vienna, Md., last night and then fled here, were surrounded by a posse in a house in Laurel early today. The fugitives replied to a demand to surrender by declaring they would fight until killed. The police on guard at the house sent a request to headquarters, planning to blow up the house.

Dynamite not being available the police decided to charge the barricaded negroes. As the attack began Chief of Police Bloodworth was shot twice in the arm and a spectator was wounded in the neck.

Two of the men, Neil Pride and William Stemmers, were captured, but their companions dashed through the attacking officers and escaped into nearby woods. There they were again surrounded by the posse.

Germans Deny Bremen Has
Been Captured by Allies
But They're Plainly Worried

BULLETIN.
International News Service:
OTTAWA, Ont., July 28.—Reports that the German submarine had been captured and taken to Halifax were officially denied here today.

BULLETIN.
International News Service:
BALTIMORE, Md., July 28.—The German super-submarine Deutschland today requested the Maryland Pilots' association to hold a pilot in readiness to take the submersible down Chesapeake bay to the capes.

The pilot will be ready to go aboard the Deutschland at a few minutes' notice. Officials of the Pilots' association said today that they were prepared to put a pilot on the German ship whenever he was needed, although he refused to discuss the Deutschland's request that a man be held for the specific purpose of guiding the submarine on her dash to the open sea.

International News Service:
NEW YORK, July 28.—Harbor authorities here received confirma-

tion today from Halifax of the Bremen's capture, says a dispatch from Montreal that reached New York this forenoon.

The message gave no details as to when or how the German merchant submarine had been taken.

Private reports that reached New York late yesterday also stated that the submarine had been captured and taken to Halifax, the British naval base in Nova Scotia.

International News Service:
BALTIMORE, Md., July 28.—Persistent reports that the German super-submarine Bremen has been captured by allied warships on her way across the Atlantic today worried officials of the Deutsche Ozen Rheterei who are preparing the Deutschland, sister ship of the Bremen, for her return trip to Germany. While the officials smilingly denied all such reports and declared that the Bremen will safely make an American port, it was apparent that the delay in the arrival of the second submarine aroused intense anxiety. Officials of the submarine line here declared that if anything happened

BAKER IS KILLED
BY N. Y. C. TRAIN

Frank Henclewski Dies Instantly After Being Struck at Walnut St. Crossing.

Frank Henclewski, 36 years old, owner of the Cracow bakery, 502 S. Warren st., was killed instantly shortly before 5 o'clock Friday morning when a wagon in which he was riding was struck by an eastbound New York Central passenger train at the Division and Walnut st. crossing. Henclewski had just started out to deliver bread and pastry when the train crashed into the wagon. He suffered a fractured skull and one foot was cut off.

It is supposed that the man failed to hear the approach of the train. According to Coroner T. J. Swantz, there is no gateman at the crossing at that hour and Henclewski was able to drive onto the tracks. The wagon was demolished and pies, cakes and cookies were scattered on the ground for many yards. The horses were not injured.

Mr. Henclewski was born in Poland Dec. 2, 1879, and had lived in South Bend several years. He is survived by his wife, Bronislawa, and a daughter, Alice.

Coroner Swantz will begin the inquest on the man's death Saturday morning.

Funeral services will be held at St. Adelbert's church at 8 o'clock Monday morning. Rev. Kubacki officiating. Burial will be in St. Joseph cemetery.

TWO KILLED IN WRECK.

CRESSON, Pa., July 28.—Two men were killed and eight injured in a coal train wreck near here today.

STEAMSHIP MOVEMENTS.

NEW YORK, July 28.—No steamers sailing today. Due to arrive today: Adriatic, Liverpool; Carpathia, Glasgow; Vigo, Hull.

Asserts Girl Was
Lured to Last
Tryst by a Note

OLNEY, Ill., July 28.—More of the state's case against Roy Hinters, the 21-year-old Wabash county farmer, accused of the "air bubble" death of pretty 17-year-old Elizabeth Ratcliffe, was disclosed by State's Atty. H. G. Morris today. According to the state's attorney, the girl was lured to her last tryst with Hinters by means of a note. He admits that the girl turned the note, probably at the boy's request, but says that Elizabeth confided its contents to Miss Ola Holson, her 16-year-old sister-in-law. The letter was received on the Friday morning before the tragedy and on that day her sister, Mrs. Bert Fancher, worried from Elizabeth her secret.

"Yes, I'm in trouble, but I'll soon be out of it," the pretty and confident girl declared. A West Salem physician has admitted he sold a catheter, such as was found near the scene of the crime to Hinters, but denied he told how to put it to such a use as the state charges.

CASEMENT LAWYER
ABANDONS POINTS

Notifies Court He Will Not Ask Quashing on Grounds First Advanced.

LONDON, July 28.—The court of criminal appeals sat especially this morning to hear any possible application that might be made in behalf of Sir Roger Casement, who is under sentence to be hanged on Aug. 3, for high treason, but none was made. The same five justices who heard Casement's appeal from the high treason verdict sat today, with Justice Darling presiding.

When the justices entered court two letters were passed up to Justice Darling. The presiding justice then announced that the court had assembled because it had been informed by a crown official that Casement's counsel had notified him that application would be made for consideration of some of the points mentioned in Casement's notice of appeal which Alexander Sullivan, solicitor for Casement, had not argued.

Mr. Sullivan stated publicly in court that he had abandoned his intention because after careful consideration he had come to the conclusion that he would not ask the court to quash the conviction on those grounds.

The statement of Mr. Sullivan was not made verbally, but was contained in a communication to the court which was read by Justice Darling. Justice Darling said he was not surprised at Mr. Sullivan's action as the court held the opinion that there was nothing in the points mentioned.

There was a suggestion that Mr. Sullivan had not authority to abandon the points without having judgment passed on their merits, but the attitude taken by Casement's counsel was upheld by the justices.

Ginnell Must Pay
Fine or Spend 6
Weeks in Prison

LONDON, July 28.—Lawrence Ginnell, an Irish nationalist, member of the house of commons, was today sentenced in Bow st. court to pay a fine of \$500 or serve six weeks imprisonment for attempting to gain entrance to Knutsford detention barracks under false pretenses. There are a number of captured Irish rebels confined at Knutsford.

Ginnell, it was said, gave the name of "Rebrius MacFinnell." The defendant called witnesses to prove this was the interpretation of his name in Gaelic.

Ginnell's defense, offered at the first session of the hearing, was a denial of the false pretense charge. He said he was merely using the Gaelic translation of his name.

It was the defendant who caused an uproar in the house of commons yesterday and whose disorderly conduct while discussing Irish affairs, compelled a temporary suspension of the house.

A witness testified that Ginnell visited Knutsford barrack on June 25, giving the name of "Rebrius MacFinnell."

IT IS HERE FOR
A LONG VISIT,
SAY SHARPS

Washington Forecasters See No Immediate Hope For Drop in the Temperature.

47 DIE IN CHICAGO
DURING PAST 24 HOURS

Portland, Ore., is Coolest Spot in United States, Maximum Temperature Being 62 Degrees.

One heat prostration was reported Friday noon as the heat of another warm day. Miss Myrabel Weikel, 423 W. Colfax av., a piano player at the independent Five and Ten cent store, was overcome as she stepped into the alley while leaving her work at noon. She was removed to her home by Otto Scherman, where home remedies and methods were successful in bringing a quick recovery.

As the clock struck the noon hour citizens who were still conscious, were startled by a peal of thunder radiating from the north. This was looked upon by many as a sign that rain might descend upon the town within the next few hours and bring welcome relief from the stifling heat. Clouds began obscuring the sun shortly afterward and every one united in a prayer for rain. Breezes soft and soothing came creeping around through open doors and windows in line with the threats of rain.

Friday is "cooler." Friday, however, was not as warm as Thursday, according to the official registers of Henry Swain. The highest mark reached during the day was 98, which was touched about 11 o'clock. At 12 o'clock 95 was the mark. The temperature earlier in the morning, which was two degrees hotter than Thursday registration.

No deaths from heat prostration had been reported Friday noon. Thomas Green, 58 years old, 517 S. Fellows st., who dropped dead while working in the street at Mishawaka, and the five-day-old son of Mr. and Mrs. Ralph Ward, of Twin Branch, were the only fatalities attributed to the heat.

A canvas of seven downtown thermometers revealed an average of 106 degrees. The figures observed were 100, 92, 96, 106, 104, 96. Both 105 thermometers had been in the sun all morning but the others were ensconced in shady spots.

Much Ice Consumed.

Hundreds of tons of ice are being consumed by South Benders in their fight against the warm weather. Several South Bend dealers reported that their supply of ice was running low but they believed that enough could be shipped into the city to allay any danger of an ice famine.

Supt. of Water Works Toyns said that the city pumps were tolling night and day in an effort to keep the city supplied. Over 21,000,000 gallons are being pumped daily. The capacity of the plant is 24,000,000 gallons, but it is not believed that the plant could handle such a heavy load.

NO IMMEDIATE RELIEF.

WASHINGTON, July 28.—The United States is to have no immediate relief from the hot weather that has baked the country for the past days. Prof. H. C. Frankfield, chief forecaster of the weather bureau here today.

"We had just as well be cheerful about it, for the weather has come for a continued stay," said Prof. Frankfield.

"In the middle west temperatures are to be around the 100 mark for probably a week yet, and when a change comes it is probable that it will be gradual."

"The states close to the north Atlantic coast are only temporarily escaping the hot weather. By Sunday and the east will be as hot as the middle west. There is no permanent relief in sight for any section east of the Rockies."

47 DIE IN CHICAGO.

CHICAGO, July 28.—By noon today a total of 47 deaths had been reported as due to the heat in Chicago in the last 24 hours. At 9 o'clock the official temperature here had reached 90 and there were indications that it would again approach yesterday's high mark of 100, which was recorded for nearly half an hour. All over the country east of the
